

## 图灵网络

图灵网络是新一代公有基础链项目，致力于帮助全球移动互联网用户接入区块链和数字货币生态。图灵网络的区块链框架都是围绕开发者利益打造，为移动互联网开发者提供完整的开发套件，开发者可以通过调用客户端 SDK，将移动互联网应用中的权益转移到图灵区块链上，让移动互联网用户无感知地进入区块链世界、共享区块链的商业价值。

图灵网络项目于2018年10月正式启动，预期2019年10月图灵公有链测试网上线。同时图灵基金会非常重视社区的建设，通过创新激励的手段鼓励全球优秀开发者的加入，为图灵网络和图灵生态的开发和发展提供支持。

## **Turing Network**

Turing Network is a high-performance public blockchain project, enabling mobile internet users get access to the blockchain and crypto system. Focusing on the developer's benefits, Turing Network's blockchain framework provides complete suites for mobile internet developers to transfer mobile internet user's rights and assets to Turing blockchain system, which help internet users move to the blockchain world smoothly and enjoy the blockchain business value.

Turing Network is initiated in Oct 2018, and Turing public blockchain TestNet is expected to be released in Oct 2019. Meanwhile, Turing Foundation gives great importance to the community development. Through motivation mechanism, Turing Foundation encourages outstanding developers to join and support Turing Blockchain and Turing Ecosystem's sustainable development.
